Subject: Draft East Waterway Anthropogenic Background Memo EPA Comments
Attachments: AB Background Memo EPA Comments 4_27_21.docx

Dan and Brick Attached are EPAs comments on the Draft East Waterway Anthropogenic Background Memorandum. All comments and redline/strike outs in the body of the Memo will need to be addressed. Note that these comments do not include those from the Suquamish or Muckleshoot Tribes, who are both still reviewing the document. Should EPA receive comments from the tribes which EPA decides will need to be addressed, EPA will forward those comments to the EWG. In any case, similar to the WA State Department of Ecology's comments, EPA will submit any comments from the Tribes to the EWG for informational purposes.

Within 30 days, a revised memo will need to be submitted, by the EWG, to the EPA that addresses the attached comments.

Please let me know if you have any questions.

Ravi
